(Significant changes from previous situation reports are in red.)

THREAT LEVEL CHANGES : NONE

DHS&EM OPERATIONS

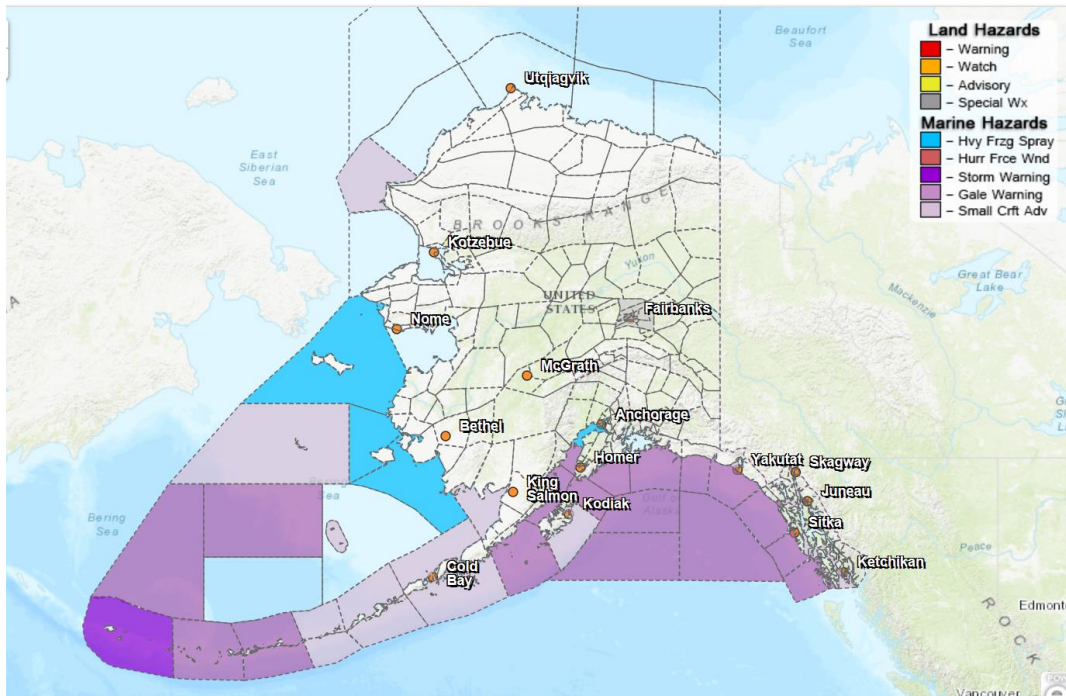

Cook Inlet Earthquake

The SEOC continues to be activated to Level 3 in response to the M7.0 earthquake affecting the Municipality of Anchorage, Matanuska-Susitna Borough, and Kenai Peninsula Borough. **The State’s Individual Assistance program may help those with disaster related damages to recover from the earthquake 30 Nov. 2018. Online application is available through the states Website: (ready.alaska.gov). Additionally, the Hotline to apply is provided, 1-855-445-7131.**

Gambell Water System Freeze Up

ANTHC is working with the Norton Sound Health Corporation (NSHC) to help the city of Gambell thaw their frozen water system. ANTHC believes the local remote maintenance worker was able to get water flowing to one of the partially frozen tanks, but not the other. The water pumps that keep heated water circulating to the water tanks need to be replaced, and NSHC is working with ANTHC to order the correct pump parts. Gambell still has water, but is using more water than they are producing, so the situation has not stabilized yet.
